

Naród Polski

DIGITAL PUBLICATION AVAILABILITY ANNOUNCEMENT

The Polish Roman Catholic Union of America is pleased to inform all its members that, as part of our green strategy, PRCUA will be producing digital versions of the *Naród Polski* publication in 2009.

The *Naród Polski* is the official publication of the PRCUA. It is published monthly and normally mailed to all subscribers. Each issue provides fraternal news and event coverage for PRCUA as well as local and worldwide news of interest to the Polish American community. The *Naród Polski* contains a variety of articles presented in English and Polish.

Officially beginning with the May 4th publication, all *Naród Polski* subscribers, as well as visitors to our web site, can simply visit www.PRCUA.org/NarodPolski to download the full digital publication in a graphical, highly readable, and environmentally friendly non-tree-based PDF format. The digital publication is provided free of charge and is made available on the web after each digital version of the *Naród Polski* is officially posted on its publication date. Therefore, we are encouraging all current and new subscribers to the *Naród Polski* to access the digital version of the publication online, instead of receiving the paper version in the mail.

By choosing to view the *Naród Polski* online, you will help our fraternal organization to not only save on printing and postage costs, but also to help save the world's forests which play an important part in keeping our environment clean and sustainable.

Please visit www.PRCUA.org/NarodPolski for details on how to subscribe to the digital *Naród Polski*. As an added benefit, *only* digital subscribers will receive early notification and special access to future publications of the *Naród Polski* as soon as they are complete. This enables digital subscribers to further enjoy each *Naród Polski*, not only much sooner than when the mailed version is normally received at their home, but also several days prior to the general public web release which is posted on our web site on the actual publication date.

Start your digital *Naród Polski* subscription today!
