\* The APYs could change with market conditions in the future. The APYs are based on our ability to lower our total expenses and still maintain a strong solvency ratio. Please visit [www.PRCUA.org/annuities](http://www.PRCUA.org/annuities) for the current annuity APYs.

\*\* This APY is an introductory yield which is guaranteed for the first certificate year. Subsequent years will be credited at the current market yield.
